The elegant **2008 COBB HEART BALL** celebrated life at the **Cobb Galleria Centre** in Atlanta. A three-course dinner prepared by **Executive Chef Tom Burchell**, refreshing libations, and live and silent auctions, as well as live music and dancing, kept the generous guests in high spirits throughout the night. This altruistic evening benefitting the **American Heart Association** brought out Atlanta's finest to help support the nation's premier volunteer health agency dedicated to reducing disability and death from two of our nation's top killers. "The community has done an amazing job in supporting the American Heart Association and helping us fight cardiovascular disease and stroke," **Event Director Marla Wilson** says. The night not only raised the spirits of the guests in attendance, but also raised close to \$50,000, proving that our city truly does have a big heart. PHOTOGRAPHY BY KEN BROWN
